

# Autism Diagnostic Observation Schedule (ADOS-2) Update Workshop

**March 22, 2013  
8:30 a.m. - 4:30 p.m.  
Richmond, VA**

River Road United Methodist Church  
8900 River Road  
Richmond, Virginia 23229

**Presented by:**

**Barbara Webb, Ed.D.,  
School Psychologist & Autism Consultant**

Dr. Barbara Webb is an internationally known private consultant in the areas of Autism, Social Skills, and Positive Behavior Supports. She has 20 years of experience as a School Psychologist in pre K-12th grades, is a consultant to model Autism classrooms, specializes in assessment of students within the Autism Spectrum, and provides trainings in assessment and educational strategies. She also provides expert testimony in Due Process cases for School Districts and Families.

**Workshop Overview:** The Autism Diagnostic Interview, Revised (ADI-R) and the Autism Diagnostic Observation Schedule (ADOS Editions 1 and 2) have become the standard instruments for assessing autism and PDD across age, developmental level, and language levels. Used in research for decades, these comprehensive instruments provide a thorough assessment of individuals suspected of having autism or other autism spectrum disorders.

Like its predecessor, the ADOS-2 is a semi-structured, standardized assessment of communication, social interaction, play, and restricted and repetitive behaviors. It presents various activities that elicit behaviors directly related to a diagnosis of ASD. By observing and coding these behaviors, you can obtain information that informs diagnosis, treatment planning, and educational placement. This revision improves an instrument already viewed as “the gold standard” for observational assessment of autism spectrum disorder (ASD). With updated protocols, revised algorithms, a new Comparison Score, and a Toddler Module, the ADOS-2 provides a highly accurate picture of current symptoms, unaffected by language. It can be used to evaluate almost anyone suspected of having ASD, from 1-year-olds with no speech to adults who are verbally fluent.

**This 1-day workshop is designed for an update of administration and scoring of the new ADOS-2. Participants are required to have attended a 2-day ADOS workshop prior to this workshop. The workshop will also include a brief overview of the new Toddler Module for the 12-30 month-old child. This workshop is limited to 30 participants.**

Upon completion of the 1-day workshop, participants will receive a certificate of completion that is equivalent to 6 contact hours of professional continuing educational credit. Sign-in is at 8:00 a.m. with the workshop running from 8:30 a.m. – 4:30 p.m. with morning, lunch, and afternoon breaks.

## **IMPORTANT REGISTRATION INFORMATION**

### **• REGISTRATION IS LIMITED TO 30 INDIVIDUALS**

- Registration for 1-Day ADOS Training - \$110
- A Continental Breakfast and Lunch will be provided.
